BOY SCOUTS OF AMERICA®  
DENVER AREA COUNCIL

## Mission Statement

The mission of the Boy Scouts of America is to prepare young people to make ethical and moral choices over their lifetimes by instilling in them the values of the Scout Oath and Law.

## Scout Oath

On my honor I will do my best  
To do my duty to God and my country  
and to obey the Scout Law;  
To help other people at all times;  
To keep myself physically strong,  
mentally awake, and morally straight.

## Scout Law

A Scout is Trustworthy, Loyal, Helpful,  
Friendly, Courteous, Kind, Obedient,  
Cheerful, Thrifty, Brave, Clean, and Reverent.

## Three Brothers Enjoy A Scouting Adventure

We'd anticipated this trip for a long time. Finally, finally, finally, we were going to Peaceful Valley and are so thankful for the Campership Program provided by the Denver Area Council. When we arrived, it was impressive from the road, sprawling acres of land, full of possibilities.

My three sons were so anxious and excited, but for different reasons. The oldest, Jalen, wanted to be there but wasn't sure that he could handle the rigor of the trip. The possibility of 5 miles per day was daunting from his perspective, but he did not want to be left behind.

MJ was excited about meeting new people, seeing and doing it all, and how many merit badges he might earn before the end of each day. They were both headed to Camp Cortlandt Dietler and the sky was the limit, off to Magness Adventure Camp with Jonathan. After registration, we went to Lost Creek to get settled in. We had action-packed, fun-filled days. Conclusively, we conquered the obstacle course, shot bb guns, played paintball sling shots, threw tomahawks, canoeing, swimming, archery, row boating, made survival bracelets, and more.

I went to Dietler to check on the boys on my way out of town, sure that Jalen would be ready to go because it might be likely. When I got to Buckskin Joe's, Jalen asked what I was doing there, which was a sure sign that he wasn't ready to leave. He whipped out a rope and said "Let me show you what I can do!" He dangled a rope in front of me and started making knots. He did a flying figure 8 and a bowline hitch! MJ too! I was amazed and thrilled, yes about the knots, but more specifically because my boys were elated to be there. They were learning things and eager for more knowledge and to earn rank advancements. I left there knowing that they were in good hands.

When I returned on Saturday, they had been head cooks for their group, had met lots of new people, had some horsemanship etiquette, and knew lots more than when they came. They earned badges that made them so very proud and I was honored during the last flag ceremony. I felt as if they had fully embraced the vision that I initially had for them prior to leaving on this trip. I pray that they return next summer to experience Camp Cris Dobbins.

Sincerely, Vickie Sykes

Excited for a trip to the mountains, his mother ran to grab one last item from the house, and not realizing the car was still in reverse gear, she fell and caught her leg with the car dragging her back to the garage. Cody at age nine jumped into the front seat to take control of the car to save his mom's life.

## Exploring

The Denver Area Council Exploring program is a career education program for young men and women ages 14-20. It helps them make informed decisions about a future career. There are 12 Career Clusters that we have local organizations with that provide career experiences for the Denver Area Council. The program is delivered through partnerships with thousands of businesses, organizations, state, local and federal agencies that include Denver Zoo, Lockheed Martin Space Systems, Society of American Military Engineers, Wheat Ridge Animal Hospital, Castle Rock Fire Department, Lakewood Police Department, The Bridge Project's Tech Team, International Association for Astronomical Studies and many more. Camp Tahosa offers their COPE: Challenging Outdoor Personal Experience for all High School groups to challenge their athletic ability and team work skills.

## Learning for Life - Programs for Student Success

The Denver Area Council Learning for Life programs are designed for all age groups from pre-kindergarten through age 24. Our vision is to provide engaging and relevant Pre-K through 12th grade experiences that positively impact academic performance, social and emotional maturity, character development, and career education for all students. Services offered through these programs include community speakers talking on topics of career planning, life skills and coaching, to local field trips, use of camp facilities and ropes courses, to online teacher lesson plans, and local support and training opportunities. Evidence based research shows that the Learning for Life curriculum has statistically improved student attitudes, personal morality, communication competency, relationships, school behavior, self-confidence, problem solving skills and has increased attendance by 1.5 days a year.

## Community Alliances for All Markets

The Denver Area Council has come forward as a key player in creating traditional units with an ever growing diverse population base. In April of 2010, the Denver Area Council kicked off the Hispanic Initiative to bring traditional Scouting to the fastest growing demographics group in Denver.

The challenges have brought forward a unique system. The system is working to establish units that will function within the framework of traditional Scouting but are very different in various ways like language, culture, and leadership base.

Adaptation of the core framework of the traditional units within these differences is essential to the success of reaching this diverse community base.

We were successful in 2014 and have established a base to continue our programs in 2015 and beyond. Some of the successes have included:

- Leadership Assistance (LeAP)
- 4th Hispanic Outdoor Activity Day
- 4th Annual Multicultural Camping Day at Bear Creek Lake Park
- Pinewood Derby Races
- Three Multicultural Roundtables
- Twenty Courts of Honor
- Cub Scout Day Camp
- Summer Boy Scout Camping experiences

## Distinguished Eagle & Outstanding Eagle Recipients

### Distinguished Eagle Scout Award

The Distinguished Eagle Scout Award is the National Eagle Scout Association's highest recognition. The Award was established to recognize Eagle Scouts who, at least 25 years after receiving the Eagle Scout Award, have reached the highest national level of success in their field. In addition, these recipients have demonstrated a strong record of volunteer leadership service to their community.

#### Recipients

## Scouting Shapes & Enriches Our Youth

Nicolas "Nico" Gallegos is an extraordinary young man whose life has been shaped and enriched by Scouting. When Nico was three years old, he was diagnosed with nephrotic syndrome, a medical condition which affects the normal function of the kidneys and can ultimately result in complete renal failure.

Nico began his Scouting career in Cub Scouts while in first grade and was a member of Pack 286. Nico's kidney condition was maintained under control with medication with intermittent relapses during the early years he spent in Cub Scouts and Boy Scouts. Due to low energy, a symptom of his illness, he was limited in some of the physical outdoor activities that are symbolic of Boy Scouts. However, Nico prided himself in being a Scout, and did not allow his medical condition from getting in the way of earning merit badges and attending summer camp. Nico earned his Eagle Scout on February 13, 2011 and earned his three palms in the months following. It became his personal challenge to earn all three. Nico participated in Big Horn National Youth leadership training in 2009 and served on staff as Quartermaster and Troop Guide in 2011 and 2012. In the summer of 2010, Nico organized and managed the bicycle corral for the Greater Park Hill City Park Jazz Festival as his Eagle project. The project took three months and 274 hours to complete.

Scouting has given Nico the courage and optimism to do good things with his life despite the challenges of his medical condition. Approximately one year ago, Nico's condition rapidly worsened and his kidneys stopped working. He was hospitalized and underwent several medical treatment procedures resulting in dialysis. Nico currently undergoes home dialysis 7 days a week. He is awaiting a kidney transplant. Nico's condition has not deterred him from being active with Troop 376 and Venture Crew. He has served as Master of Ceremonies for several Troop 376 Eagle Scout ceremonies and most recently as the Master of Ceremonies for the March 2015 Denver Area Council Volunteer Recognition Dinner.

Nico is attending Community College of Denver and is optimistic about his future. He says he wouldn't be an Eagle Scout today if it wasn't for the friends and family who have helped him along the way on this journey and who have dedicated themselves to Scouting.
